

PC30 Plasma Cutter

The PC30 is the necessary cutting tool for the new high strength steel qualities.
Excellent cutting performance on thin sheet metal.

| Item | Part No: | Qty |
|--|-------------------|-----|
| Plasma cutter PC30 230V 50-60Hz 1-ph | 1390310300 | |
| Consisting of: Power source with 2.5 m (8.2 ft) power cable Torch EL-60 complete 4 m (13.1) and earth cable | | |
| Spare parts For PC30: | | |
| Electrode for torch EL-60 | 1390310310 | 5 |
| Cooling air diffusor | 1390310311 | 1 |
| Cutting air tip | 1390310312 | 5 |
| Protection nozzle | 1390310313 | 1 |

TECHNICAL DATA

| | |
|--|-----------------------|
| Input Voltage | 230V 50 - 60 Hz, 1 ph |
| Duty cycle 20% | 25A |
| Duty cycle 100% | 10A |
| Fuse rating (slow blow) | 16A |
| Current/Voltage range | 5A/82V |
| Performance steel and aluminum, cutting/separation | 4 mm / 5 mm |
| Protection class IP | 22 |
| Air pressure | 4 bar (58 PSI) |
| Weight | 9 kg (20 lbs) |
